TwenTec Vario-Tip Tool -Set

The new TwenTec Vario-Tip Tool-Set contains 3 special Dent Repair Tools with plastic tips on both sides plus 3 differently shaped tips.

With its variation in tips and tool lengths the TwenTec Vario-Tip Tool-Set can be used for a wide range of dent repair jobs.

The plastic tips ensure that during the repair process the painted surfaces remain scratch-free.

The plastic tips are screwed on to the tools to provide a solid connection.
