TwenTec Paint Chip Repair Kits

The TwenTec Paint Chip Repair Kits enable you to repair small damages to car paint quickly and efficiently for a fraction of the cost of repainting.

Using a new method and especially composed paints the repair is executed in such a way that it is practically invisible where the damage was before the reparation.

The TwenTec Paint Chip Repair Kits contain 24 ready mixed colours. These are the most common colours. Other colours and/or brand specific colour sets can be supplied as well.

P/N	Description
TW6805	TwenTec Paint Chip Repair Starter Kit (solvent-base) 24 ready mixed colours. Bottles 30 ml.
TW6806	TwenTec Paint Chip Repair Economy Kit (solvent-base) 24 ready mixed colours. Bottles 50 ml.
TW6807	TwenTec Paint Chip Repair Master Kit (solvent-base) with an Airbrush-gun. 24 ready mixed colours. Bottles 50 ml.
