## TwenTec Spot Repair kit

The new TwenTec Spot Repair Kit enables you to repair small damages to car paint quickly and efficiently for a fraction of the cost of repainting.

Using new methods and especially composed paints the repair is executed in such a way that it is practically invisible where the damage was before the repair.

The TwenTec Spot Repair Kit p/n TW8801 contains 52 **waterborne** color tinters, tools and equipment to enable you to mix all common colors yourself.

P/N	Description
TW8801	TwenTec Spot Repair Kit , including 52 waterborne color tinters in 150 ml bottles, repair equipment and a Color-Box in a stacked container-set on castor wheels.

In the same program :
