Paint File Sets

Premium quality paint razors for the „finishing touch“ to new paint layers on car body parts and to sheet metal products.

Even hard to reach areas can be treated due to the compact shape of the razors and the practical magnetic holder design. The paint razors can be used on both sides.

The set 736000 contains in total 12 paint razors, split in 3 sizes, along with 3 magnetic holders, in a sturdy carrying case.

The set 736050 contains in total 4 paint razors, split in 2 sizes, along with 2 magnetic holders, in a practical box.

The paint razors also can be ordered separately.
